

QUICK REFERENCE GUIDE

Your weekly shopping guide with large home delivery by USPS and racks in high traffic distribution areas in Upper & Central Bucks, Southern Lehigh, Southern Northampton and Northern Montgomery Counties. Our digital paper is available on our website: www.pennypowerads.com

Display Advertising (Bordered Ads)

Display advertisements start at 4 column inches (2 columns x 2" or 1 column x 4"). Rates vary according to size and full color options. Please see our rate card for complete pricing and our website for a large assortment of sample ad sizes with pricing. Display deadline is Friday at noon.

Front Page Advertising

To reserve a front page position we ask that clients run at least six ads in a year and run no less than six ads between scheduled front page positions. Front page ads must run all zones and be at least 15 column inches. Contact your Advertising Representative for availability. Should a front page position be unsold during the edition selling week, it is first come first serve.

Back Page Advertising

Have a full page or horizontal half page ad to run? You can reserve the back page, special rates apply.

Employment Section Display Ads

Display rates vary according to size and full color option. Special sizes apply. See our website for a large assortment of sample sizes with pricing.

Frequently Asked Questions

Who gets Penny Power?

Penny Power is mailed to residences within Upper Bucks, Lower Lehigh and Lower Northampton Counties and available in racks in high traffic areas.

How many people read Penny Power?

Penny Power has consistent readership with over 75% of households who receive the paper. For detailed information ask for our annual Circulation Verification Council (CVC) Audit .

Who creates your display ad?

Basic creative design is included in the price of your display advertisement. Our Art Department can add stock art/photos from the art service company we subscribe to or you can supply us with the ad elements you would like us to use.

How often do I need to run the ad?

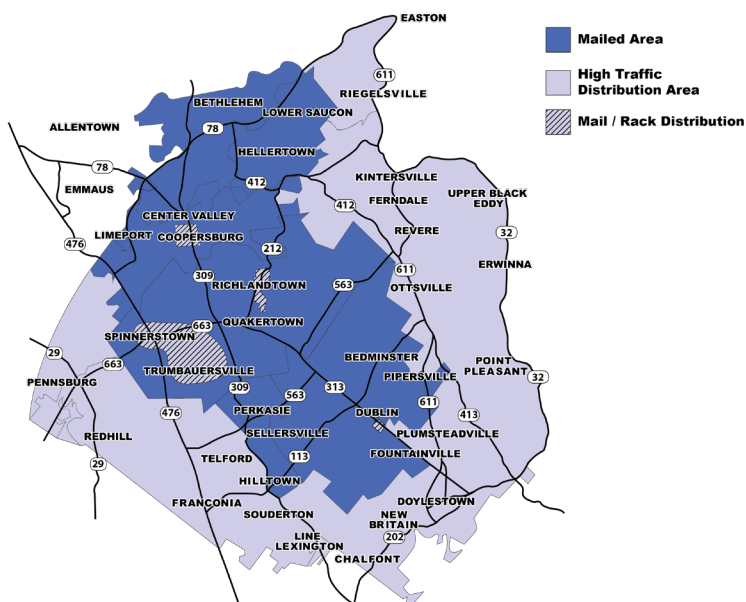

General rule of thumb is to reach as many people as you can, as often as you can, with a message that makes the reader want to use your business versus your competitors'. For sale and event advertising, larger impact with more "Splash" will help emphasize the time urgency of your message. Your Penny Power Sales Representative can help you with the details.

What size display ad do I need?

Ad size is determined by the amount of information you need. Your Penny Power Sales Representative can help you select the ad size which best suits your needs and budget.

How do I determine how many column inches my ad is?

Multiply the number of columns across by inches in height. A 6 column inch ad (often referred to as a 6" ad) can be 2 columns across by 3 inches high, 3 columns across by 2 inches high, or 1 column across by 6 inches high.
